# Airplay - Teach, Engage, Share

- Teacher uses white board & other apps to teach
- Students leverage the power of airplay to practice, collaborate and share work using apps (individually or in groups)

### AirPlay

-  iPad
-  Apple TV ✓
- Mirroring**  ON
-  Family Room Apple TV

With AirPlay Mirroring you can send everything on your iPad's display to an Apple TV, wirelessly.

# My Favorite App

To Teach With

Explain Everything

# Set Student Norms

- Be ready to share and explain
- Respect everyone's work and opinion
- Use equipment wisely and carefully

# Today's Secret Password

1492

Set a new password periodically so students can use projection feature to share work.
